EXPERIENCES

Codsoft — Intern   2024
Remote

- Created a responsive and animated personal Portfolio, Landing page and a Calculator using HTML, CSS and JavaScript that helped me not only revising my development skills but also enhanced those skills as I leant various new concepts over there.

PROJECTS

Amazon Clone Website | *HTML, CSS, JavaScript*   link

- It replicates the front-end design and functionality of the popular e-commerce platform Amazon, allowing users to browse products, view product details, and add items to their cart.

Spotify Clone Website | *HTML, CSS, JavaScript*   link

- Developed a high-fidelity Spotify clone website using HTML, CSS, and JavaScript; replicated key features such as song browsing, track playback, and personalized music recommendations to enhance user experience.

Responsive and Animated Image Slider | *HTML, CSS, JavaScript*   link

- This project is a simple yet powerful image slider built using HTML, CSS, and JavaScript. It allows you to display a collection of images in a visually appealing and responsive slider format.
